

Andrey Muhamed

Year of activity: from 2020
Category: Screenwriter, video editor
Main genre: MMORPG, Simulation, Shooter
Genre: Professional player
Device: PC, PlayStation, Xbox

BRIEF BIOGRAPHY

I am a young man full of passion for creativity. My calling is to create engaging videos and exciting scenarios. I have also achieved success in the world of programming. However, that's not all! By studying electrical systems and electrical engineering, I delve into the deep technical aspects of the field.

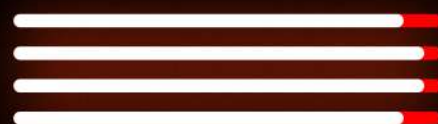

SOFTWARE

Photoshop
After Effects
Premiere Pro
Blender

SKILLS

3D Design
Illustration
Vector
Templates

My education began at school, where I acquired basic knowledge and skills. After finishing school, I entered the university to study engineering, where I delved deeper into the study of electrical and electronics engineering. Having completed my studies and received a degree in Electrical Engineering, I am proud of my achievements.

2010
Degree
Student-school

Active in school and eager to gain knowledge and skills in a variety of areas.

2021
Degree
Student - university

Studying at a higher educational institution, I strive to obtain a higher education.

2022
Degree
Professional - creator

Demonstrating proficiency in developing a variety of products and projects while exhibiting a high level of skill.

Professional videographer with extensive experience in creating high-quality video content. Founder of the successful DENI FILMS project, which won the hearts of hundreds of thousands of viewers. Proficient in programs such as Photoshop, After Effects, Premiere Pro and Blender, providing a high level of editing and visual effects.

2020
